Sospensione, Soffitto,  
Parete, Esterno.*

Suggested Minimum Retail Price

This document is intended as a “courtesy list”, with the objective of facilitating a consistent application of the different exchange rates and helping in the daily activity with the clients.

The exchange rates from Euro here applied have been calculated considering the forecasts developed by the major European banking institutions for 2020.

The prices are not mandatory and have to be considered as suggested retail prices only.

This document does not replace the “Tecnico-2020” price list in Euro, which has to be considered as the only official document applied in the commercial relationship with Foscarini.
